

Minimum Unit Pricing from 1 May 2018.

Retailers cannot legally sell alcohol
below the minimum unit price.

For example, this will mean the proposed minimum price for the following:

Product	Strength (ABV)	Volume	Minimum Price
Whisky	40%	700ml	£14.00
Vodka/Gin	37.5%	700ml	£13.13
Wine	13%	750ml	£4.88
Beer	5%	4 x 440ml cans	£4.40
Cider	5%	2000ml	£5.00

The Scottish Government is introducing this to reduce alcohol-related harm.
